

## PEER Report Disclosure

The use of PEER Report in your treatment has been discussed with you as a medically appropriate tool to benefit your care. With strong beliefs in ethical transparency, Mind Therapy Clinic would like to disclose the following:

MYND Analytics Inc. generates PEER Report from your EEG data. Dr. Mark Schiller has financial ties with MYND Analytics as the medical director. He has been compensated by MYND Analytics services through cash and/or equity in the company, and he may at some time choose to become an investor in MYND Analytics. Dr. Mark Schiller does not receive compensation from MYND Analytics for conducting your test or the resulting PEER Report.

Dr. Mark Schiller strongly believes in the work of MYND Analytics and supports the company through the provision of his services and capital. If you are uncomfortable with this financial arrangement, you are able to select another provider to perform your test.
